Definitions:

Large Public Park – park over 6 hectares with a diverse range of facilities and functions, mix of formal and informal spaces. Play equipment and opportunities for a range of ages and facilities. Accessible by public transport and path networks. Potential location for community and public events. Often accommodating facilities such as toilets, pavilions and parking.

Community Park – park between 2 and 6 hectares in size with several functions accessible to a neighbourhood. Variety of play equipment/ opportunities for a range of ages. Opportunities for informal and formal recreation and activities

Local Park - park between 0.4 and 2 hectares with one or more features such as play area, informal play space, sports facilities, grass and planting

Functional Amenity Greenspace - Landscaped areas providing space for informal recreational activities. Functional amenity greenspace is over 0.2ha, has a gradient of less than 1:5, is free-drained, has a maintained grass area of at least 0.1ha and is not bounded by a road or could have a fence or other boundary treatment separating it from a road.
